Talks on a wide range of topics from distinguished guests:
Learn about everything from digital libraries to open source technologies from academic and industry experts.

Programming Workshops:
Learn from the masters - workshops delivered by Henrik wann Jensen on graphics and by Marcus Brinkman on kernel programming.

Job Fair:
Looking for a job or internship? Come by the conference job fair going on all day Friday in the DCL Atrium (1304 W. Springfield.)

Check out a full list of conference events at:
